The Benevolent and Protective Order of Elks is an American fraternal order and social club founded in 1868. It is one of the leading fraternal orders in the U.S., claiming nearly one million members. Elks Lodges bring so much more to their communities than just a building, golf course or pool. They are places where neighbors come together, families share meals, and children grow up.

Elks invest in their communities through programs that help children grow up healthy and drug-free, by undertaking projects that address un-met needs, and by honoring the service and sacrifice of our veterans.
